Experience

GeeksforGeeks-Technical Content Writer

2022 - Present

Working as a TCW at GeeksforGeeks has empowered me to work with various skills and learn about them by deep diving into the concepts. I had written and published a total of 23 articles in various domains like Open source MATLAB etc. I have also improved by 55+ articles.

FilmyLoop-Content Writer

2020 - 2020

During this internship period I reviewed 27 books from different genres including horror fiction comedy finance etc.

eTaxiGo-SEO Management and Blogs

2020 - 2022

During this internship I was handed over the research work to find the relevant keywords and write blogs on them for increasing the SEO count of the website.

Project

Waste Bin

I developed this responsive website for a hackathon with the help of Bootstrap and added login and signup pages.

Our team secured an overall rank of 7th(all topics combined) and first in our domain.

AR Effects

I have created two AR effects for Instagram.

Please visit the Github repo for Demo Video and effect link.
